

Glen, A. S. and Veltman, C. J. 2018. Search strategies for conservation detection dogs. – Wildlife Biology
doi: 10.2981/wlb.00393

Appendix 1

Database of references found by searching Google Scholar and the ISI Web of Science using the keywords: ‘wildlife detect* dog’, ‘scat detect* dog; conservation detect* dog; plant detect* dog; weed detect* dog’, and; (‘search theory’ AND (dog OR canine OR wildlife)). We also searched for review articles on search theory in general. Additional articles were located from the reference lists of these publications. Search results updated 4 July 2017. The database is provided in a separate Excel-file: Appendix_1.xlsx
